April 27, 2021

Dear Chair DeFazio and Ranking Member Graves:

I am requesting funding for the **Perry Road (CR 64) Highway Rehabilitation** in surface transportation reauthorization legislation.

The project sponsor for this project is the Livingston County Highway Department and the project is located at Perry Road, Mt. Morris, NY 14510.

The funding is designated for the rehabilitation of Perry Road (CR 64).

The project is an appropriate use of taxpayer dollars and is anticipated to have the following benefits: the current surface is approaching the end of its life, the joints are raveling, and cracking is beyond practical crack sealing application. The project will upgrade ride quality-reducing potential damage to vehicles, provide a perpetual pavement structure and alleviate drainage issues. Perry Road carries traffic from Mt. Morris towards Warsaw, Perry, and Letchworth State Park. It is used as shortcut for trucks and traffic avoiding the Village of Leicester and serves three school districts.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

CHRIS JACOBS
Member of Congress
